

1

This is a game for 2 players.

2

At your turn, pick a card and read it aloud.

3

At that precise moment, everything ends and make sense. Two samurai are facing each other.

4

A long time ago they were friends. Today things have changed a lot.

5

This moment is coming. It's time to regain your honour and exercise your revenge.

6

Death lurks and smiles.

7

We complete together the following 5 History cards. Whoever drew the card has the last word.

8

12

History

It took us... long to reach that precise moment.

13

If the card you are drawing asks you a question marked [FOR YOU], answer it.

14

The other player can also ask you questions or help you answer. But it's up to you to decide whether you want their help or not.

15

Some cards are marked [FOR YOUR RIVAL]: ask the question to your game partner

16

If nothing is specified, you can answer the card's question together

17

The card marked with an X is placed in the center of the table.

18

If there is a card you don't want to play or something you don't want in the story, touch the X card. This content is removed from the game.

19

If the card you just drew is removed from the game, pick a new one.

20

At your turn, you can choose to pass. Give your card to the other player and ask him to answer.

21

The game ends when the card "This precise moment must end. Do I survive your assault?"

22

Each player answers this question, then the game ends

23

Now place the card "This precise moment must end. Do I survive your assault?" between the middle and the end of the pack for a more or less long part.

24

Whoever wants to start draws the next card.

that. How could I make  
it up to you?

Your mastery of the  
katana has always  
made people envious.  
Me first. On what

to take over you? Was it  
an honourable fight?

We loved the same person. Who was that?  
What happened?
